The Public Education section begins on **Page 509** and the Higher Education section begins on **Page 471**. Check the document's Table of Contents for more details.

**Next Tuesday, Feb. 1, Kicks Off CTE Month!**

National Career and Technical Education month begins Tuesday, Feb. 1. Promote your school's CTE program by recognizing your district's:

- student organizations,
- number of students in CTE courses,
- career clusters, and
- student certifications.

CATEMA can provide district-specific student data. Let HOTTPC know how we can help you get the good news out to your community.
